News from the Board

Players of walking football are requested to become official members of the club by filling in details on a form which is available from Rick or Marion.

All players should fill in the Health declaration form for our insurance to be valid so please do ask Marion or Rick if you have not done so. We would like an updated health declaration form for those who have already filled one in, should your health situation change. Again, please ask Rick or Marion for a new form.
